The Oil Factor	Strictly for elegant ladies! O&3 presents Neroli Light, Essential Oil. This natural commercial blend is a fantastic seductive oil. The name was founded from Princess Nerola of Italy who was known to wear it as her scent. The scent is sweet & floral and blends wonderfully with anything citrusy or floral. We like to use it on its own. It is aimed more towards the more 'mature lady' formulations, very elegant in its profile. A few drops make a super eau-de-toilette or cologne. Similar to other essential oils in that it is an uplifting, calming and anti-depressant ingredient, like lavender, it is lovely to place a few drops on your pillow. We can offer this 'light' commercial blend to reduce the cost of standard Neroli, but you still achieve the same, if not stronger aroma profile. A good starter fragrance oil....
