The Oil Factor	O&3 presents Spruce Black, Essential Oil. Native to Canada, this unique ingredient is used to concoct ointments that tackle skin problems, burns, boils & wounds. Best applied in salves such as lip care products. Spruce oil is frequently added in soap, air fresheners, and household cleaner formulations to lend its fresh scent and act as a disinfecting agent. Due to its pleasant earthy aroma, its calming effects and its ability to ease anxiety and stress, spruce oil is also a favorite in meditation rituals and massage therapy. We like to apply it to our dogs coat, we blend it with a refined base oil and then apply to good old "Curly's" coat - he loves it!
Functionality	An earthy scent. Best applied to salves, lip-care products, soap & air fresheners. Carries calming effects, hence its popularity in meditation and massage therapy.
